Total CIAP Funds Requested: \$1,700,000

Parish CIAP Funds Proposed: \$1,700,000

State CIAP Funds Requested: 0

Infrastructure Funds Proposed: 0

Description and Location of Project:

The proposed project would consist of approximately 1400 linear foot of shoreline protection extending in an easterly and westerly direction in St. John the Baptist Parish, where the Reserve Relieve Canal enters Lake Maurpas. This would also include entrance protection lining. The proposed feature consists of foreshore rock dike with gaps for fishery and public access to the lake shoreline.

Project Type (from list of authorized CIAP fund uses):

Conservation, restoration, and protection of costal area, including wetlands.

Project Justification:

The subject shoreline has eroded approximately 15 acres of land to date and continuing at an increasing rate.

Project cost share (Types and amounts of non-CIAP funds proposed, if any):

None
